OBREGON IS NOW MASTER OF CAPITAL

Enters Mexico City at Head Of Carranza Troops Thursday

THERE WAS NO BLOOD-SHED IN THE OCCUPATION.

REPORT VILLA INJURED

But Rumor is Unconfirmed By Consul Silliman's Official Dispatch to Washington—Indications Now are That War Will Be Carried to Villa Wherever He is.

(ASSOCIATED PRESS TELEGRAM)
Vera Cruz, Jan. 29.—General Alvaro Obregon, the Carranza leader who yesterday afternoon at the head of his troops entered and occupied Mexico City, as the followers of General Zapata moved out of the capital has sent a brief report to General Carranza the first chief of the Constitutionalists, whose quarters still are at Vera Cruz.

General Obregon says it had been his intention to besiege Mexico City but that its evacuation made this unnecessary. There was little resistance of a serious character and this was at a point a short distance from the city.

There were to be seen at the Carranza headquarters today indications of a disposition to carry war to General Villa wherever he is to be found and to force his submission. Concerning Eulalio Gutierrez, who was elected provisional president of Mexico by the Agus Calientes convention it is regarded as almost certain by followers of General Carranza that he and his men will rally to the support of the first chief, making the best terms possible. As for General Zapata, he is still in the field to be fought as he always has been.

GENERAL CARRANZA MAY RE-ESTABLISH ORDER IN CAPITAL

(ASSOCIATED PRESS TELEGRAM)
Mexico City, Jan. 29.—The capital today is again in the hands of the forces of General Carranza, who while acting as the provisional president of the government, was forced to leave Mexico City early in November under the threat of the advancing troops of General Villa and Zapata, who disagreed with his policies. The new authorities have re-established order and a general feeling of confidence prevails.

It has been established that the shooting which occurred in the main plaza before the national palace, when General Alvaro Obregon, at the head of the Carranza forces, reached that place yesterday afternoon was done by snipers, who were hidden on the roof of the cathedral. Speaking of the incident today, General Obregon said that the shots were undoubtedly directed towards him and that it was an attempted assassination. The perpetrators have not yet been captured. Three soldiers were killed and a number wounded during the fighting.

All saloons are closed as the result of an order of the authorities, but the commercial houses and banks have declared that they will resume business immediately.

Late yesterday afternoon and in the early evening 20,000 additional Carranza troops, consisting of three branches of arms, entered the capital and marched to the quarters selected for them by General Obregon. The Zapatista troops who left the city on the appearance of General Obregon and his forces, have retreated to the southward.

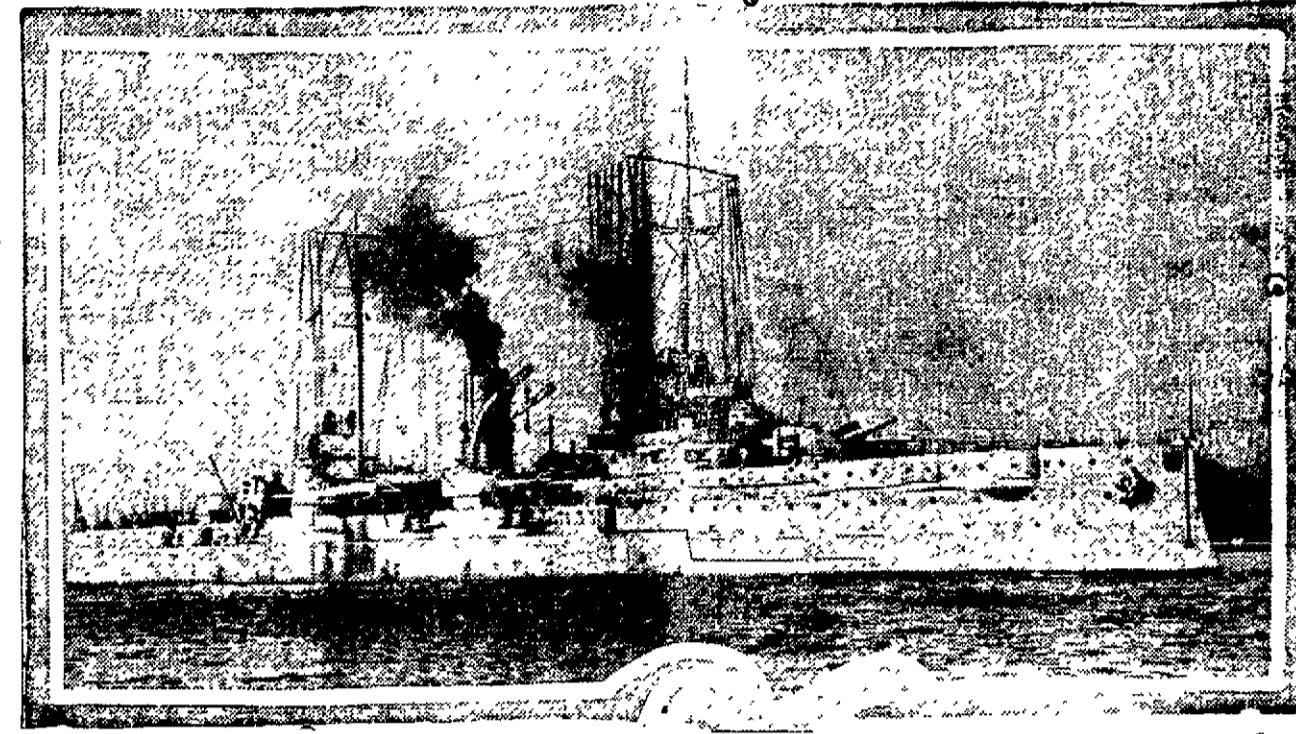

General Venustiano Carranza, the first chief of the Constitutionalists, will, according to Vera Cruz advices, return to the capital immediately and it is probable that he will re-establish his government there in the near future.

This is the second time that General Carranza has been in power in the Mexican capital. He first entered the place on August 20 last, following the retirement of General Huerta, having the entire Constitutional force as his support.

For a time peace reigned and then an old dispute between Carranza and General Francisco Villa, the chief military leader of the Constitutionalists, was revived, officially it was said, the difficulty arose from questions of policy, but the Carranza followers laid it to the alleged ambition of Villa to assume the reins of government.

General Villa, as the dispute continued, finally issued an ultimatum that Carranza must retire and a convention of all the revolutionary chiefs was called to meet at Aguas Calientes on October 10 to decide upon the best way in the establishment of a government. The majority sentiment favored Villa, and (Continued on Page 6, Col. 5.)

German Battleship Bleucher, and British Admiral Who Sank Her.

Vice-Admiral Beatty is again a hero in England. His sinking of the German cruiser Bleucher off the German coast Sunday, and the disabling of several other German war vessels, have aroused England. The Bluecher was one of several German war vessels believed to have started on another raid of the British coast. But Vice-Admiral Beatty spied them and with more powerful vessels chased them toward Heligoland. His pursuit was given up only when he came within the German mine fields, where he feared his ships might be sunk.

The State Board of Administration Will Probably be the First to Feel Probe of Alleged Exorbitant Salaries

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 29.—Among the first departments to be examined by the special legislative committee to survey salaries and jobs with the intention of cutting both, will be the state board of administration, it was said, after the committee today to form plans for the survey had met.

Administration leaders indicated that this investigation may lead to an entire reorganization of the board and a general cutting of high salaries. The administration program, it was said, is to cut the salary of members of the board from \$5000 to \$4000, of the secretary from \$3000 to \$2000 and of the fiscal supervisors from \$4000 to \$2000, effecting a total saving in these offices alone of \$7000 a year.

Leaders say if this reorganization scheme is effected, neither J. P. Shaffer, of Antwerp, whose term ex-

pires next Monday, nor Starr Cadwallader, of Cleveland, whose term expires Feb. 1, 1917, will be reappointed. They are Democrats. There is doubt concerning the reappointment of Dr. Arthur F. Shepherd of Hillsboro, and Thomas E. Davey, of Youngstown, both Republicans, it is said.

The tentative administration program is said to be for repeal of the entire board of administration act and its reenactment with the cut in salaries. The present law specifies the salaries which it is proposed to reduce.

The same plan for reorganization of the utilities, tax and industrial commissions is said to be the plan for getting rid of present members of these commissions. D. S. Creamer, of Columbus, former state treasurer, appointed this week to succeed Mr. Shaffer on the board of administration, and whom the senate will not be asked to confirm until the pro-

posed salary cut has been made, will not be enabled to take the office on this account Monday. Mr. Shaffer will continue in service for the present.

Heads of departments will be questioned concerning their work and that of employees in the department. Where the work of the departmental chief appears to be slight, or where employees are found to be drawing much more than their kind of work ordinarily demands in other business, the committee will not hesitate to recommend a material reduction in their pay, Mr. Howard declared.

The committee also will try to equalize salaries in different departments. Clerks doing virtually the same kind of work in state service now often receive widely different pay. The efficiency department of the state civil service commission is expected to give the committee much aid in this work.

REPUBLICAN SUPPORT OF SHIPPING BILL

SENATOR NORRIS OF NEBRASKA, SAYS MEASURE APPEALS STRONGLY TO HIM.

Kenyon Offers Two Amendments That He Believes Would Strengthen the Law.

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 29.—The government ship-purchase bill received its first support from the Republican side today when Senator Norris of Nebraska, declared the plan appealed strongly to him, and that if two amendments he had offered were adopted, he would vote for it. One amendment, as proposed, would continue the government in the shipping business even after the lines it established became profitable.

"We should let the taxpayers share the profits as well as bear the losses of any of these ventures," he added. The second amendment, Senator Norris said, would provide that no belligerent nation's vessel should be purchased unless a diplomatic understanding with other belligerents had been reached, which would prevent the possibility of internal complications.

Senator Norris, who is regarded as a Progressive-Republican, said he would prefer to see the shipping board, which would be created by the bill, so organized as to be taken wholly out of politics, but that he would not insist on any change in the present plan.

Senator Kenyon, another Progressive-Republican, offered two amendments—one to eliminate cabinet officials from the proposed shipping board. He also proposed an amendment to provide "that none of the ships to be purchased or chartered by the government should engage in transportation of any munitions of war from this country to any belligerent nation or citizens thereof."

Senator Norris urged the bill should be amended to prohibit the government leasing its ships and going out of business. His statement brought to the surface differences among Democratic senators. Senator Hoke Smith inquired if Senator Norris differed "with those of us who vastly prefer the government never to operate the ships at all," but leave the ships to the various companies to stimulate competition.

"The idea of leasing these boats," said Senator Owen, interrupting, "proceeds upon the assumption that the lines would compete with each other and thus reduce the rates. We have tried that idea to its ultimate conclusion and found that the ships of the United States, Great Britain, Germany, Holland and Italy, instead of competing freely, are in a great international trust. All we would be doing here would be to contribute \$10,000,000 to the perpetuation of that system. These government ships would become instruments of the existing trust."

People of Ohio Urged To Have Work Done Now By State's Unemployed

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 29.—An "address to the people of Ohio," issued today by a joint committee of the senate and house, urges citizens, municipalities and all subdivisions of the state to make special efforts to have work done now instead of in the spring, in order to employ part of the thousands of idle men seeking employment.

The committee made this appeal after conferring yesterday with Governor Willis. On the committee are Senators Myers of Marion, and Kennedy of Cuyahoga, and Representatives Whitacre of Columbiana and Chapman of Montgomery.

The employment committee is expected to recommend a special appropriation of \$7000 next Monday for extension of the free employment bureaus of the state at Canton, Akron and Youngstown.

The address issued by the committee is as follows:

"To the people of Ohio:
His excellency, Governor Frank B. Willis, in a message to the general assembly, dated Jan. 27, 1915, has called attention to the fact that thousands of able-bodied men and women of Ohio are out of employment, and that it is our duty to alleviate this distressing situation so far as possible.

"In compliance with the message of the governor, the joint committee

of industry to so arrange their work that all present and former employees may share in such work."

"They further urge all state departments, all municipalities and employers in every line of industry, contemplating additions or improvements to their public and private work in the spring or summer months, to begin such improvements and additions now; and upon all owners and occupants of private dwellings, urges that any contemplated work of a permanent or temporary character, such as papering walls and ceilings, cleaning attics, cellars, stables and yards, making repairs to buildings or fences, tearing down dilapidated structures, doing domestic sewing, etc., be undertaken now by employing those outside the home with a view to enlarging as much as possible the present area of employment and affording willing workers an opportunity to earn a livelihood.

"To the residents of cities in which the state of Ohio, either a one or in conjunction with the municipality, maintains free employment offices and labor exchanges, as well as to residents of adjacent territory, the committee on labor urges that all needs for help, either skilled or unskilled, be referred to the free public employment offices or labor exchanges in said cities, which will on labor of the general assembly of Ohio, urges employers in every line (Continued on Page 11, Col. 3.)

AN INJURED EMPLOYEE MAY SUE COMPANY

IF HE IS HURT BY A THIRD PARTY WHO PAYS COMPENSATION.

Industrial Commission Makes an Important Ruling Elucidating a Contested Point in Law.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 29.—In an opinion elucidating the workmen's compensation law the state industrial commission today issued its finding in the claim of Michael Hidorfo, of Cleveland, for compensation for the loss of a foot from the Cleveland Telephone company in whose employ he was at the time of the injury. The employer is carrying his own insurance and paying compensation direct under the workmen's compensation act. A statement issued by the commission today said:

"On July 28, 1914, Hidorfo was working in a ditch for the telephone company and needing another tool, started across the street to obtain it when he was struck by a street car of the Cleveland Railway company and his left foot cut off. The Cleveland railway company settled a suit with him for \$3,000. Claiming that the workman had already received compensation for his injury the Cleveland Telephone company attempted to be relieved from paying compensation due (Continued on Page 6, Col. 6.)

Eliot Says Rockefeller Donations Have Influenced Colleges but Always for Good

(ASSOCIATED PRESS TELEGRAM)
New York, Jan. 29.—Rockefeller donations to educational institutions have influenced the policies of presidents of universities and colleges in many instances, but the influence has always been good, said Charles W. Eliot, president emeritus of Harvard university, today, at the federal industrial commission's inquiry into philanthropic foundations and the causes of social unrest.

These donations, Dr. Eliot said, to which he referred, were made by the general education board. As an instance he cited John D. Rockefeller's offer in 1908 to furnish one million dollars to Harvard university if the university would raise \$575,000 additional.

This was before Dr. Eliot became a member of the general education board. The witness said he applied to the elder Mr. Rockefeller for aid in the maintenance of new buildings erected for the medical school of Harvard university. Starr J. Murphy, of the Rockefeller's personal staff, said on investigation of the buildings and the financial condition of the university, the witness said. Afterwards Dr. Eliot called upon John D. Rockefeller, Jr., and was told that Mr. Rockefeller, Sr., was willing to donate a million dollars, conditional upon the university raising \$575,000.

Dr. Eliot said he had not hoped to obtain as large a sum. He estimated of what was needed was much lower than the estimates submitted by Mr. Murphy.

Dr. Eliot said that he was connected with the general educational board and other philanthropic foundations established by Andrew Carnegie and Mr. Rockefeller. He thought the practice of interlocking the directors of such foundations was a good one, the only objection being in the possible failure of the directors to be physically able to attend to the business of several organizations.

He thought that the general education board had given \$200,000 to education since 1902.

Germans Have Lost Heavily; Gained Little

Tactics In the Western Arena of the War Have Brought Around a Condition That Leads to the Belief That Back Of Them Is the Plan to Concentrate an Attack Upon Some Strategic Point

TURKS' OFFENSE SO TIMED AS TO FORCE RUSSIANS

To Send More Troops Into the Caucasus, Allowing Renewed Austro-German Activities In Galicia—Critical Stage Expected Soon, Both East and West—Turkish Army of Egyptian Invasion Marooned Somewhere In the Desert Sands—Emperor Approves Appropriation of \$8,750,000 to Construct a Railroad.

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 29.—With the renewal of offensive operations on the part of the Turks in the Caucasus apparently timed so as to force Russia to send more troops into this field, the Austro-German activities in Galicia and the Carpathians continue to dominate the military situation.

Forces of the Teuton allies are being pushed further to the south and strung out nearer the Rumanian frontier in order to meet any sudden movement over the passes from that country. The recent fighting in the Carpathians has brought no decisive engagement, both the Austrians and the Russians claiming local successes. It is believed in London, however, that the struggle may be expected soon to enter upon a critical stage both in the east and in the west. British military observers have expressed the opinion that Germany is still keeping a preponderance of her forces in the western theatre of the war where the allies should expect another great offensive movement.

The Germans tactics of the last few days at various points on the western front seem to have cost

them heavily and to have brought them little gain, judging by the official reports given out in Paris and published prominently in London today. It is thought here that the next development may be a concentrated blow at some strategic point. So far as news is concerned the Turks supposed to be advancing into Egypt are marooned somewhere on the sands of the desert. Not one word has been heard of them since the announcement three days ago of their presence to the eastward of El Kantara, and no further clashes with British outposts have been reported.

A message from Vienna by way of Venice says there is a growing popular demand in Austria that the government follow the example of Germany and take over the control of all the grain and flour in the market. From Petrograd comes the news that Emperor Nicholas has approved an appropriation of \$8,750,000 for the immediate construction of a government railroad from Petrozavodsk, 185 miles northeast of Petrograd to the White Sea. This would make a second line of communication with the outside world through this region, the other being to Archangel.

SPEAKS WILL INVESTIGATE BOXING BOUT

AND REPORT TO GOVERNOR WILLIS THE TRUE CONDITIONS IN CINCINNATI.

Mayor Believes It Is Within the Law. Protests of Another Match at Norwalk.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 29.—Governor Willis announced today that he would send General John C. Speaks to Cincinnati this afternoon, to act as his personal representative and make a complete investigation of the situation in regard to the boxing match to be held in the armory February 1.

The governor also stated that nothing would be done about the match until he received a full report of the investigation.

The governor said he had been in communication over long-distance telephone this morning discussing the bout Monday evening with Mayor Spiegel of Cincinnati.

"The mayor told me he believed the bout was entirely within the law and that he had given his written permission for holding it," said the governor. "In order to get first-hand information, however, I am

sending General Speaks to Cincinnati this afternoon as my personal representative. He will report back to me just as soon as possible."

Another protest against holding a boxing bout in a state armory reached Adjutant General Hough and the governor today from Norwalk, where a contest between "Taughtie" Ramser of Lorain, and "Fighting" Ketchel of Cleveland, was scheduled to occur Monday night. L. A. Heston, Norwalk councilman, entered the protest.

Since the building in which the bout was to have been held is an armory, owned by the state, and the Ohio National Guard's policy is against using its armories for such purposes, Adjutant General Hough notified Captain Fred W. Hutchins of Norwalk to prohibit the boxing contest in the armory.

No protest against holding the Welsh-Griffith bout in Akron, Monday night, has been received at the state house.

WIFE MURDERER DIES A SUICIDE

(ASSOCIATED PRESS TELEGRAM)
Houston, Texas, Jan. 29.—Ward Snyder, the oil man who killed his wife, Lorena B. Snyder, in a sanitarium here yesterday, died early today from poison he swallowed after the crime. Snyder was the son of N. S. Snyder, a Pittsburg, Pa., capitalist and oil man. Snyder rallied at intervals last night and anxiously asked when his father would arrive. He asserted his wife had desired to leave him since last August in order to obtain a divorce and wed an actor. He freely confessed insane jealousy. He said his wife just before her death renewed her wish to leave him.

American Vessel Steered Through Mine Fields And Fog Into Harbor of Bremen

(ASSOCIATED PRESS TELEGRAM)
New York, Jan. 29.—Captain Edward T. Pinchin, who piloted the American steamer Elmonte through mine strewn waters safely into the harbor of Bremen, on New Year's day, brought his ship back to this port today. Although Captain Pinchin's feat was regarded with amazement at Bremen, he was arrested before his ship could discharge its cargo of 6,000 bales of cotton questioned at length and finally taken before a German admiral, who cross-examined him and released him.

Because of the double distinction of guiding his ship through the mine fields and of bringing the American flag into Bremen harbor for the first time in 44 years, aboard a merchant vessel, Captain Pinchin was royally entertained, he said, during his stay in Bremen. Captain Pinchin said that he had steered his vessel through a prohibited channel into Bremen harbor during a fog. Because of the fog he eluded the cordon of German battleships and cruisers stationed at the entrance. The first the German naval authorities knew of his intentions was when the fog lifted and they saw the Elmonte lying at anchor. The Elmonte sailed from New York, Dec. 11, stopping here on her way to Bremen from Valparaiso. The Elmonte brought back a cargo of salt from Bremen.

FOOT BADLY CRUSHED BY HEAVY ROCK

Joe Marc, a foreigner employed in the plant of the Somerset Brick plant, was brought to Newark Thursday evening where he received treatment for a crushed foot suffered while at work Thursday afternoon. A large stone rolled a distance of 12 feet, landing on Marc's left foot, badly crushing it. It was found that amputation of the toes would not be necessary. Marc also received numerous bruises about the back and shoulders.

CROWN PRINCE SENDS MESSAGE TO AMERICANS

(ASSOCIATED PRESS TELEGRAM) Geneva, Switzerland, via Paris, Jan. 20.—Crown Prince Frederick William of Germany has sent to the local correspondent of the Associated Press, in response to a request for a statement on the war, the following reply, dated "Near Verdun," January 22:

"You ask me to send a message to the American people. Being an officer and no diplomat, I have no right to do so, but if you like, I will tell you three things.

"First—Every single German and Austrian is quite certain that we will come out on top, and will give his last drop of blood to this end.

"Second—We are convinced that the day will come when the people of Russia and France will find out that they are only doing the dirty work for England.

"Third—We expect from America absolutely fair play in all questions.

"These are my personal ideas, but a good many of my countrymen feel the same. Greetings.

JOHNSTOWN BOY DEAD IN WRECK OF AUTOMOBILE

A telegram from Jacksonville, Fla. received by Mrs. Cora Roberts of Johnstown Thursday, announced the death of her son, Ralph Roberts, who met death in an automobile wreck near Jacksonville, Thursday. No details of the accident were given in the telegram. The young man was 22 years old and was the son of Mr. and Mrs. John Roberts of Johnstown. He left Ohio in August 1912, locating at Jacksonville.

CITIZENS WISH NO TAMPERING WITH CONSERVANCY LAW

(ASSOCIATED PRESS TELEGRAM) Columbus, O., Jan. 20.—The Miami Valley flood prevention association fired the opening gun last night of its campaign for a "hands off" policy on the part of the legislature with respect to any change in the Vanderbeide conservancy law.

At the headquarters of the association, to be maintained in a hotel here during the session of the general assembly, representatives of the association gave a dinner and rehearsed their plans to legislate correspondents of various newspapers.

Ed A. Deeds, formerly of Licking county, and Judge O. B. Brown, of Dayton, explained why the "people of the Miami valley do not want the legislature to tamper with the conservancy law." The association has fitted its headquarters with models of earth dams, hundreds of slides showing flood views, a moving picture exhibition showing a flood rising and falling and its control by the reservoir system.

NURSES

AFTER CONSCIENTIOUS TRAINING IN NEWARK INSTITUTION ARE GRADUATED

Exercises Held in Taylor Hall and Diplomas Given to Four Young Women.

A class of four young women was graduated from the Newark Sanitarium Training school for nurses on Thursday evening and the graduating exercises were held in Taylor Hall.

The members of the class were Miss Ruth Evans of Jackson, Ohio; Miss Mabel Marietta of Dayton; Miss Edna Kepler of Hamilton and Miss Emma St. Clair of Dresden. All were gowned in the crisp white uniforms and small caps of white which are edged with a tiny border of black. Occupying the stage with them were Mr. A. J. Kennedy, and Mr. James D. Montgomery of the Sanitarium. Rev. Calvin Hazlett, pastor of the First Presbyterian church and Prof. E. Ashton of the Seventh Day Adventist College at Mt. Vernon.

Rev. Mr. Hazlett opened the exercises with a prayer in which he asked for the guidance of the graduates in their life work and that their great efforts toward the betterment of man might be fraught with blessings.

Mrs. W. W. Gard was then introduced and accompanied by Miss Lenora Phillips sang "There is a Land."

Mr. Montgomery, in a few words then introduced the speaker of the evening, Prof. E. Ashton, who delivered the graduating address.

Prof. Ashton prefaced his address by saying that as he took his place he was conscious of the solemnity of the occasion and of his responsibility at that time. He felt a responsibility to God and a responsibility to the class and the assembled friends.

For his theme Prof. Ashton took the motto of the class, "Not for Ourselves but for Humanity," and said that the greatest opportunity given to man was to serve. "It is great to be a friend of God but how much greater to serve Him." The motto was productive of a message which would uplift the heart and mind and bring to their future lives a conclusion better than mere success.

"There is a religion of the hand as well as of the head and heart."

said the speaker, "and temptation will come to you and probably has come as you stand on this threshold of your lives to measure things by the standard of man's success and by the amount you can get out of life. How much can I get out of it? Is the question you will probably ask yourself, but how much better would be the world if each one would ask himself how much can I put into the world?" Do not measure your success by the material things, the world has a false conception of success."

Prof. Ashton then gave a resume of the lives of such men as Dr. Bernado, a London philanthropist, Abraham Lincoln, and a number of Biblical characters, showing that they chose to serve rather than to receive.

At the conclusion of the graduation address, Mr. A. J. Kennedy then presented the diplomas to the members of the class.

This is the first public graduation exercises ever held by a class from the Sanitarium. In former years the graduates received their diplomas at the Sanitarium.

WANTS A PARDON; WILLING TO FACE MURDER CHARGE

(ASSOCIATED PRESS TELEGRAM) Columbus, Jan. 20.—Although he would be at once confronted with a charge of first degree murder, John N. Evans of Toledo, who has three years to serve on a sentence for the larceny of \$500, wants a pardon, and says he is willing to stand trial in Chicago where the authorities assert he is charged with having killed a gambler some two years ago. Evans' application for a pardon is pending with the state board of pardons and will be acted upon next month. He asserts he can prove his innocence of the Chicago crime.

At the conclusion of the graduation address, Mr. A. J. Kennedy then presented the diplomas to the members of the class.

This is the first public graduation exercises ever held by a class from the Sanitarium. In former years the graduates received their diplomas at the Sanitarium.

OHIO PAYS HONOR TO MEMORY OF THE MARTYRED MCKINLEY

(ASSOCIATED PRESS TELEGRAM) Columbus, Jan. 20.—Ohio paid tribute today to the memory of William McKinley upon the occasion of the anniversary of his birth. In the cities especially, the celebration, McKinley's favorite flower, was in evidence almost everywhere.

At Canton, the home of McKinley, the day was observed with a memorial ceremony which included a dedication of the home of the first president. As a further mark of respect, both to the Ohio president and after showing appropriate recognition to the anniversary of his birth, the Ohio House of Representatives today dedicated the building which McKinley's favorite flower, was in evidence almost everywhere.

And can be seen tomorrow, Saturday, Jan. 30, at our new automobile display room, in the Masonic Temple.

This Reo "Four," which sets the pace in quality and design, now establishes a new standard in automobile values.

You are invited to come in and see it—look it over carefully, critically, and when you are convinced that it isn't possible to buy a better car or to get a better reputation with it—why, then place your order and insure a definite—and early—delivery date.

Demand is tremendous—unprecedented even in Reo history.

So Come—See—Select your Reo. Don't delay, for many will be disappointed. Secure yours.

AFTER THE INVENTORY

Comes Values Out of the Ordinary---They're the Best of the Season

We completed our inventory today and in going through the stock we found many odd lots of desirable winter merchandise that we are going to close out at unheard of prices. All winter goods must go, as spring stocks will soon be occupying the space they now take up. Three months, at least, of cold weather are facing us, so the values we are now offering are extremely timely. Remember this is our Final Closing Out Sale, consequently prices are lower than at any other time of the season. We have quoted just a few items to give you some idea of the importance of this event. To appreciate the full meaning of this After Inventory Sale, you simply must come to the store. There's no better time than Saturday.

Interest Earnings

Too many people fail to realize the tremendous effect of interest as a vital factor in their own lives.

One man is in debt a thousand dollars, he pays six per cent. on it—\$60 a year goes out of his income. Another man has a thousand ahead, deposited here. He receives \$40 interest each year. There is a difference in the two men's income of \$100 a year.

Many people think interest doesn't amount to much, yet we pay our savers over \$2,500,000 a year interest and there is no computing what this money means to them.

Whatever you do, decide to have interest working for you, instead of against you.

And put your money here in the "Old Home" where it is protected by first mortgages and State supervision.

AMERICA ALONE CAN GIVE HELP TO BELGIANS

Banker Emil Franqui Says That
Number Fed Exceeds French
and the English Armies.

"The civil army we have to feed is greater than the British and French armies combined. Yet we can scrape through on about \$6,250,000 worth of food a month."

Thus speaks Emil Franqui, a prominent Belgian banker and member of the Commission for Relief in Belgium, No. 71 Broadway, New York, which has been designated by the powers at war as the sole clearing house for all Belgian relief.

"It is not generally realized," Franqui said, "that there still are 7,000,000 persons in Belgium who were virtually entirely dependent for food on the American Relief Commission."

"In all the history of the world," Franqui continues, "there is no precedent for a community of 7,000,000 persons being faced with starvation and deprived by the belligerents of every possible means of self-preservation."

"While the belligerents argued," Franqui added, "7,000,000 persons were confronted with actual starvation, but with the formation of the American Relief Committee the obstacles in the way of ministering to the wants of the Belgians were overcome and shipments of food were permitted to enter Belgium by way of Rotterdam."

"This relief could not have been given," he said, "except under the auspices of the neutral commission. We are proud of our thirty race," Franqui said, "but we are now at the mercy of the world. If mercy is not accorded us we shall no longer exist."

"PRINCE OF LIARS" CREATED MUCH FUN AT H. S. AUDITORIUM

The "Prince of Liars" was given a presentation at the High school auditorium Thursday night by a cast taken from the Junior class, and under its auspices. The audience nearly filled the spacious hall, and it is not too much to say that every one who witnessed the play went away satisfied. The young people did themselves credit and those who had coached them had reason to feel proud of their proteges in the dramatic effort.

The play itself is a laughable farce, the humor of the situations flowing spontaneously from the situations themselves and not depending upon horseplay or indelicate dialogue. There was at no time anything to offend either in the speeches or actions and the laughter of the audience was unaffected and genuine at good clean fun.

The indiscretion of a young married man during the temporary absence of his wife, with a strange young woman, known, but not to him, as the "Gutta Percha Girl," and the suspicious of his mother-in-law, who is "looking after" him during the wife's absence, is the incident which causes the complications that follow. The incident is only narrated to the audience, the complications are reproduced. His inventions, excuses, prevarications not only do not extricate him from his difficulty but get him in deeper until the truth itself is forced from him in sheer self defense and then that is not believed. The cast was as follows:

Edward Pearsall was splendid as the young husband. He appeared well, seemed to have the proper conception of the part, caught the spirit of humor which he made manifest to the audience, and was letter perfect in his lines. The part was a long one and he did well to memorize it intelligently, and also render it appropriately.

Grace Kussmaul, as the officious mother-in-law, had much to do also, and her characterization of the part was one that showed the young woman clearly understood the possibilities and had the perception to bring out the shades of artistic stress to be laid upon the dominant features of the meddlesome, designing mother-in-law's character.

Rosa Colombier, the "Gutta Percha Girl," was depicted by Elizabeth Clayton in a manner that gave the audience an opportunity to show its appreciation of her ability to impersonate the character of a slangy, sophisticated woman reared in the glamor of the "white lights" with plenty of brains, a naturally good heart but always on the alert that some one does not "put one over on her." This suspicious nature being the product of her training, (for rather lack of it) Miss Clayton did all that was required of the part in excellent fashion.

The other characters were given presentation with a due appreciation of their relative to the story in point of importance and each one is deserving of unstinted praise for his or her part in the entertainment.

The Governorship.

Notwithstanding the overworked appellation of "boss" and "bossism," the great masses of our commonwealth are not opposed to the state executive watching carefully the general assembly and intentions of the general assembly and exercising a leading and guiding influence over it.

For a few years previous to the gubernatorial term of Judson Harmon, the chief executives of Ohio seemed to let not only the general assembly but state officers "run at large." As a result of such laxity, it became necessary during the last two administrations to incarcerate some members of the general assembly and compel the refunding of the state's money that had been scattered through the derelict methods of state officials elected by the people.

It was a governor of Ohio—Judson Harmon—that brought about the reform method, now in use, of loaning money not in use in the state treasury to the highest bidder and not to pet banks, although the state treasurer is an elective officer.

People, generally, expect in a governor the elements of leadership and watchfulness, sufficiently broad and strong enough to rise above party partisanship and self local interests that sometimes appear in different parts of the state.

The Ground Hog.

The traditional annual exit of the ground-hog on February 2, to forecast the weather for the next six weeks, is one of the last of the pretty and picturesque old superstitions. It dates from a time when the weather was one of the largest subjects of human interest.

Life in the old-time country was passive, philosophic and contemplative. In the common slang phrase, there was "nothing doing." In the sky, though, there were thrilling battles between conflicting forces of storm and sunshine. It was natural that to the people of the more remote country, these formed an absorbing subject, like ball games and politics today.

Also rural interests are closely allied to weather. A good rain is worth millions of dollars in a single state.

The old-time countryman was skillful in reading the heavens. But

to realize how radiantly against the background of war they have thrown the vision of America's ideals. On one continent in the Christmastide slaughter and death and myriad victims helpless in their woe; on another a whole nation gathering them into life.

When the achievements of the States are told they will show our human kind still true, high, heroic. The States symbolize a loving kindness ten-fold, precious in contrast to the passions and the pains.

For all that our chairmen and other leaders have been good enough to do, the Commission and the Woman's Section send them thanks and gratitude.

John D. Rockefeller, Jr., says he works hard and gets no salary. Why does he not join a labor union and get an eight-hour day and a weekly envelope?—New York World.

The corner boys are to go to school in the morning in San Francisco. Their connection undoubtedly is this: Mr. Platt, who sat on the bench of the Hon. Theodore Roosevelt, who by his own frank confession, took the Canal Zone while Congress debated.—New York World.

President Wilson says the Republican party has not had a new idea in 36 years. He forgets that it recently thought it could make two parties grow where but one had flourished before.—Barren Free Press.

A Cologne newspaper says the British failed the French peace move. Alas, temporarily, the German war move. The British are easily the world's leading idiots.—Chicago Herald.

The story that the President is building a machine to secure his re-election is perhaps only a counter-demonstration to the charges that there is a conspiracy to undermine his chances.—Washington Star.

WHITE HOPES.

I've hoped this country might produce, before I pull my freight, a pug who'd jar Jack Johnson loose, a first class heavyweight. And each new hope I hallooed with joy with almost frantic glee: "At last! I'd say, 'there is a boy who looks quite good to me. When he's been trained three years or four, the Smoke, he should do place; the tired wreath he should restore to our despondent race.' But every hope turns out a frost, a hopeless lather-head, and oh, the sleep that I have lost, the tears that I have shed! Oh, there were garts in the land, in happy days long since; now hopes abound on every hand, but every hope's a guinea. Carl Morris, Flynn, and such as these, Jess Willard and his ilk, recall the cheaper brands of cheese, made of denatured milk. The whole year round such fighters fling orations at our ears, and when we see them in the ring, we think of auctioneers. But let no grief disturb our nights, nor sorrow cast its pall; let us remember that we whites are great in basket-ball!"

our despondent race. But every hope turns out a frost, a hopeless lather-head, and oh, the sleep that I have lost, the tears that I have shed! Oh, there were garts in the land, in happy days long since; now hopes abound on every hand, but every hope's a guinea. Carl Morris, Flynn, and such as these, Jess Willard and his ilk, recall the cheaper brands of cheese, made of denatured milk. The whole year round such fighters fling orations at our ears, and when we see them in the ring, we think of auctioneers. But let no grief disturb our nights, nor sorrow cast its pall; let us remember that we whites are great in basket-ball!"

Spirit of the Press

Who Bats First?

We gather from Lord Kitchener's remarks that after the pitchers are through warming up the game will begin in May.—Boston Transcript.

Still Less in Ohio.

It is said that a dinner which costs \$8 in New York can be bought in war-ridden Germany for \$3. It probably can be bought in Missouri or Kansas for \$2.50.—Kansas City Journal.

Why Blame Him?

James Brennan, the well known hack driver of Dresden, made the first trip to Zanesville in four years. Tuesday.—Zanesville Signal.

Hopper is Full.

Evidently the legislature does not mean to be dictated to by the governor. When he suggested little legislation at this session, the bill-drafting took on new speed, and here the hopper is full almost before the upper and lower stones had begun to revolve.—Columbus Dispatch.

In the Altogether?

A New York Tailor advertises: "Ladies' suits made with or without goods." A rare opportunity to get a summer suit.—Cincinnati Commercial Tribune.

Clean the Walks.

There is snow enough on the sidewalks of Zanesville to keep hundreds of men busy for a day or two. There is good reason to fear that much of it will stay precisely where it is for many days, until the next thaw comes.—Zanesville Signal.

Polite As Strangers.

Aunt Maria has been a cook in both boarding houses and families, and she has often commented on how much more common quarrels, harsh words and scraps were in the families than in the boarding houses. At last she took a position with a family where peace reigned. One day she said to her mistress: "Misses, is dese yo' family?" "Yes, Maria," said the mistress. "Why do you ask?" "Well, nobody would a thought it," was the reply. "Dey act so nice to each other dat you would think dey was perfect strangers." Quite fairly description of some families and some houses, is it not? But not of the ideal ones.—Rock Hill (N. C.) Record.

Steel Corporation.

While the surplus earnings of fat years might have justified the United States Steel Corporation in declaring an unearned dividend on its common stock, and the "street" had, in fact, anticipated the outcome of yesterday's meeting of the directors, prudence dictated a more conservative policy in the face of net earnings insufficient to meet the regular payment on the preferred shares. Steel common, having dropped from a percent to 2, thus joins the ranks of the non-dividend payers for the time being. The net earnings of less than \$11,000,000 the smallest for any quarter in the recent history of the corporation, probably denotes the low-water mark, the business having been on the mend since the first of the year. It is worthy of note that this soulless corporation has not cut wages in the face of diminished business, preferring to let the burden of hard times rest on its stockholders.—Philadelphia Record.

Calling Up San Francisco.

To talk by telephone from New York to San Francisco only a few years ago would have been regarded as the wild dream of an impractical visionary. Now the continent has been girdled by a wire, and persons at its two extreme can carry on an ordinary conversation as if only a few blocks apart, the world is in no way startled out of its normal self-composure. The conquest of space by the multiplication and perfection of the means of direct personal communication over 1,400 miles has proceeded so steadily as no longer to excite wonder at the latest achievement. If over a copper thread, traversing mountain chains and plains, New York can talk to San Francisco as if face to face, how long before New York will be talking by submarine cable with London, Paris and Berlin?—New York World.

President Should Have More Power to Regulate Expenditures

By Professor WILLIAM H. TAFT of Yale, Former President of the United States

THE president cannot effect economy by arbitrary acts because at present he has no way to get at the records. More power should be vested in the president to keep his eye upon the expenditure of money in the various departments.

We have acted like children. We have had so much money available through taxation that we have not been obliged to consult the revenue side of the ledger. NOW WE ARE COMING TO THE POINT WHERE WE MUST PURSUE THE POLICY THAT ALL OTHER GOVERNMENTS HAVE FOUND ABSOLUTELY NECESSARY IN ORDER TO KEEP OUT OF BANKRUPTCY.

These three things, then, are instrumentalities that ought to be created:

FIRST.—MACHINERY FOR THE REORGANIZATION OF THE EXECUTIVE DEPARTMENTS OF THE GOVERNMENT SO AS TO ELIMINATE DUPLICATIONS.

SECOND.—A BUREAU DIRECTLY RESPONSIBLE TO THE PRESIDENT TO REPORT HIS STATEMENT OF ECONOMY AND EFFICIENCY TO EACH DEPARTMENT.

THIRD.—A PLAN FOR BRINGING THE EXECUTIVE AND LEGISLATIVE DEPARTMENTS TOGETHER AND THE PREPARATION OF AN ANNUAL BUDGET UPON WHICH CONGRESS CAN INTELLIGENTLY ACT.

COLUMBUS AUTOMOBILE SHOW.

In the advertising columns of this issue there appears the announcement of the Columbus Automobile show which will be given in that

city, in Memorial Hall, commencing Saturday evening, January 30th, and extending through all of next week. The show will be open each day from ten o'clock in the morning till ten o'clock in the evening. All the leading makes of automobiles of all prices and a complete line of accessories will be shown, which will afford an excellent opportunity for everyone in Central Ohio who contemplates the purchase of an automobile to make desired investigation.

Mrs. Sarah Hurbough was surprised at her home in Moult street Thursday afternoon. A most elaborate three-course luncheon was served to the following guests: Mrs. James Oden, Mrs. Carl Oden and daughter Helen, Mrs. C. W. Martin, Mrs. John Varner and children Mrs. William Hurbough, Mrs. Stanley Courson and the hostess, Mrs. Courson won the prize in a guessing contest.

The weather during the past few days has been ideal for sleighing parties and the following went to Granville on Wednesday night on a bob, and were entertained at the Fetter home in the Sharon Valley where they had supper. Those in the party were: Messrs. Mary Simpson, Catherine Davis, Mary Ganey, Inez Korb, Helen Rossel, Buelah Ruland, Esther Smith, Louise Smith, Messrs. Ralph Edwards, Dale Warner, Harry Dooce, Paul Moranville, Hershel, Stephen, Fred Dusenodon, Harry Seigle, Foster Wyant. The party was chaperoned by Mr. and Mrs. Dan Ganey.

On Monday afternoon, Mrs. Lloyd Vernon was hostess to a few of her friends at her home in Gay street in honor of her sister, Mrs. George Smith of Grand Junction, Colorado.

The house was prettily decorated for the occasion, blue and white being carried out throughout the rooms. The afternoon was very pleasantly spent. The prizes in the contests were awarded Mrs. Bernice Ditter, Mrs. Rich Rice, Mrs. J. W. McLaughlin and Mrs. C. C. Cummins.

A dainty luncheon was served the following: Mesdames George Smith, Fred Cummins, Louis Rose, Joseph Perks, C. C. Cummins, T. J. McLaughlin, Harry Marshall, Will Davis, Rich Rice, Charles Lynn, J. W. McLaughlin, Louis Savy, Bernice Ditter, Misses Helen McLaughlin, Mable Lynn, Mildred Savy, Loyd Vernon, and Mrs. R. A. Vernon of Cambridge.

Thursday evening Miss Evelyn McLaughlin entertained a few friends at her home in Allen street out of compliment to Miss Katherine and Madeline Youngman who leave for their new home in Alexandria, Pa., February 1. The evening was spent in games and music, and luncheon was served the following: Misses Katherine Youngman, Madeline Youngman, Catherine Rambo, Mary Stokes, Faye Brooker, Pauline Murphy, Martin Witz, Mary Hall, Margaret Walsh, Ruth Johnson and Evelyn McLaughlin.

the study of music and in the appearance of artists of note but owing to the lack of a combined effort the opportunity to gratify the love of all that is best in the musical world, has been lost. On Thursday afternoon about thirty women assembled at the home of Mrs. Joseph Sprague in North First street, and The Women's Music club was organized.

The object of the club is to bring to the city wherever possible artists of ability, and note, and to make possible the mutual improvement of all those interested in the study of music.

The club will meet twice every month, on the second and fourth Thursday at the home of the members, and there will be only active members, no associate membership being permitted and also there will be no guests entertained at the meetings. There are about thirty charter members and the organization was affected with the election of the following officers:

President—Mrs. W. W. Davis.
First vice president—Miss Mary Neal.

Second vice president—Mrs. Joseph Sprague.

Secretary—Miss Alma Hilliard.

Treasurer—Mrs. E. M. Baugher.

As the meetings are held, plans will be perfected, and the organization will be built along the lines of large musical organizations in other cities.

The date of the next Centum club dance has been changed from February 16 to March 17.

A delightful party was entertained at the Ever Green Farm in the Welsh Hills on Wednesday evening. The hours were pleasantly spent and Miss Maud Wise gave several readings.

The following were guests: Misses Anne Hayden, Margaret Rosebraugh, Alice Yates, Esther Johnson, Helen Peck, Maud Wise, Marie Letters and Lucille Hohl, Messrs. Earl Murphy, Fred Jones, Charles Steward, Oscar Van Tassel, Wilbur Gaul, Paul Taylor, Ralph McLaughlin, and Clarence Boner, Mr. and Mrs. Carl Jones and Mr. and Mrs. L. M. Wolfe chaperoned the party.

On Wednesday evening a merry crowd of young people was entertained by Miss Isabel Miller, with a sleighing party. The party hurried to Vanatta where a delicious oyster supper was served by friends. The party then went to St. Louisville and serenaded the people of that place before returning from their enjoyable trip.

The following young people participated: Misses Louise Meyers, Helen Floyd, Roxie Cochran, Phoebe Legge, Anna Floyd, Marie McPeck, Louise Lingafelter, Pearl Wilson, Lucille Abbott, Myrtle Houch and Isabel Miller, Messrs. Russell Evans, Thomas Abbott, Thomas Floyd, Hollie Hannas, Clarence Miller, Ross Van Vorhes, Win. Lyle, Lawrence Inescho, Edward Wilcox and Peter Egersberger.

Miss Frances Lane entertained the members of the Swastika club Thursday afternoon at her home in Seventh street. All members were present and the following guests: Misses Helen Fuller, Frances Rutledge, Helen Luca, and Charles Rawlings. The out of town guests were Augusta and Platt Dockery of Texas.

The afternoon was pleasantly spent in sewing and conversation. Miss Esther Rickert will be the hostess on February 4.

OLD-TIME COLD CURE—DRINK TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

FRENCH REPORT GERMAN AIRSHIP WAS DESTROYED

(ASSOCIATED PRESS TELEGRAM)
Paris, Jan. 20.—The French war office this morning gave out an official report on the progress of the war which reads as follows:

"The day of January 23, saw nothing more than local engagements which resulted favorably to us. In Belgium, in the vicinity of Neupont our infantry secured a footing on Grande Dune, a locality which was mentioned in the communication of Jan. 17. A German aeroplane was brought down by our artillery fire.

"In the sectors of Ypres, Lens and Arras, there were yesterday artillery engagements which at times became fairly violent. Several infantry attacks were undertaken, but at once driven back by our fire. In the sectors of Soissons, Craonne and Reims there is nothing to report. Between Reims and the Argonne yesterday saw artillery engagements but not of great intensity.

"It has been confirmed that the German attack repulsed by us the night of Jan. 27-28 at Fontaine Madame cost the Germans dear.

"On the heights of Meuse and in the Vosges there were artillery engagements, our cannon at several points silencing the fire of the German batteries and machine gun detachments.

"We have everywhere consolidated the positions occupied by us Jan. 27."

THOUGHT HORSE WAS STOLEN; IT WANDERED AWAY

Val Keller, local horseman, reported the theft of a horse Thursday afternoon, asking the police to help him locate the animal. Friday morning he started for Highwater to trace the animal, whose tracks he thought he could follow to a point near Vanatta. A short time after he left the city, the police located the animal in the vicinity of Buckingham and Commodore street. It still wore the blanket, indicating that it had wandered from the place where it was tied Thursday afternoon.

THE SICK

Miss Mary Heckman of Jefferson street underwent an operation for gangrenous appendicitis Thursday night by Doctors Wardlaw of Columbus and Dr. G. W. Sapp of this city at the City Hospital. Her condition is critical.

William Richards, son of William Richards of 258 Granville street, who suffered a fractured leg two weeks ago when he was run down by an automobile, was removed to his home Thursday in the Bazler & Bradley ambulance. He is recovering rapidly from the injury.

Mrs. E. E. McCamie is ill at her home in North Fourth street.

Miss Laura Danford of the T. L. Davies store, who has been seriously ill with pneumonia, is now recovering at her home in South Williams street.

PASSAGE OVER VETO IS URGED BY COMMITTEE

(Associated Press Telegram) Washington, Jan. 29.—By a vote of 8 to 3, the house immigration committee today voted to report the immigration bill, vetoed by President Wilson yesterday, back to the house with the recommendation that it be passed over his veto.

Chairman Burnett expressed the opinion that the bill would get the necessary two-thirds vote. The committee's report will be brought in for a vote next Thursday.

BASKETBALL TONIGHT AT HICKEY HALL

Newark High school girls will play their first game tonight at Hickey Hall when they meet the girls' team from Zanesville High. This game will precede the game between the Newark and Zanesville boys. Play starts promptly at 7:30 o'clock.

Since Newark's defeat by Mt. Vernon two weeks ago, they have met and defeated East High of Columbus. The improvement of the team and Zanesville's reputed strength, gives promise of a fast game to-night.

MURDER CHARGE AGAINST MOTHER; KILLED BABIES

(Associated Press Telegram) New York, Jan. 29.—The Bronx county grand jury today returned two indictments charging murder in the first degree against Mrs. Ida Sniffen Rogers, common law wife of Loris Rogers, and alleging that she poisoned her two babies. Mrs. Rogers is now in a hospital recovering from the effects of a dose of poison which she administered to herself at the same time she is alleged to have poisoned her children, a month ago yesterday. Meanwhile she has been attended almost constantly by Rogers, who, although married to another woman, has shown a disposition to stand by Mrs. Rogers in her trouble.

Rogers himself was placed under arrest several days ago on a charge of violating a section of the penal code. He is now at liberty on bail.

CHARITIES BUSY WITH REQUESTS FOR ASSISTANCE

With Superintendent W. E. Hopkins in charge, the requests for relief have continued to pour into the headquarters of the Associated Charities, room 14, Hibbert & Schaus building. The applications are being filed and as rapidly as possible the cases are being investigated and relief extended. Volunteer helpers are aiding in the work. Mr. Hopkins is exerting every energy toward systematizing the work so the cases can be reached and relief extended with the least possible delay. As has been the case heretofore, every case of destitution is being thoroughly investigated.

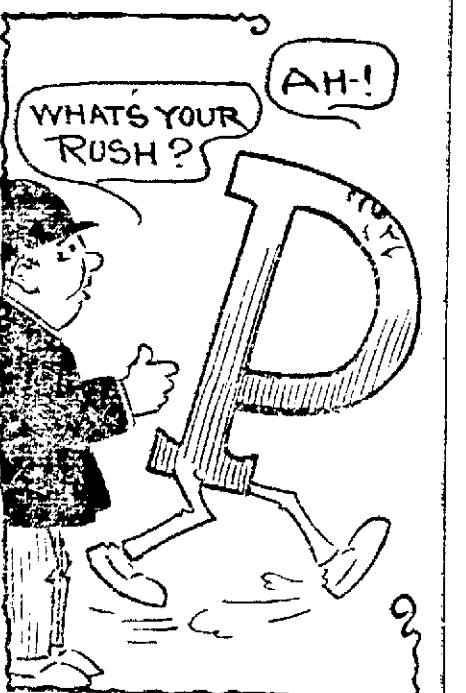

Plans are being worked out by the finance committee for the campaign of soliciting which will be launched in a few days. The plans probably will be made public tomorrow.

(Associated Press Telegram) Green Bay, Wis., Jan. 29.—Cline defeated Schaefer 300 to 291 in the billiard players' league match here last night at the Elk's club. Average and high run. Cline 12 and 49; Schaefer 11, 12, 25 and 79.

WEALTHY HORSEMAN DEAD. Paris, Ky., Jan. 29.—Ezekiel F. Clay, a member of the thoroughbred horse racing firm of Clay Bros. and reputed to be one of the wealthiest in this state, died at his country home near here today of heart failure. He was 45 years old.

Cuba is to seek additional American markets for sugar, tobacco leaf cigars, beer products and hides.

WHAT IS IT?

What European country? Answer to Thursday's puzzle—Lithuania.

Markets

(Associated Press Telegram) Chicago, Jan. 29.—Despite higher quotations at Liverpool and Paris, a cool deal of selling pressure today was put on the market here. Many traders took the view that the recent steep advance had made something of a reaction, a natural thing to look for, and that the new upturn in Europe had merely reflected the course of prices in America. Players here, however, quickly took advantage of a break and there was soon a rally. After opening unchanged to 54 cent higher and then falling to more than a cent under last night, the market steadied with losses fully recovered. Corn sagged with wheat. Longs were conspicuous sellers, but commission houses absorbed the offerings. The start, which varied from 1/2 cent decline to 1 cent advance, was followed by a moderate setback all around and then a good upturn. In oats, as in other grain, a rush of selling carried prices down to more than a cent under last night, the market steadied with losses fully recovered. Provisions averaged higher. A rise in the value of hogs was the influence that received the most attention.

(Associated Press Telegram) New York, Jan. 29.—Steel dominated the market throughout the early session, contributing almost 40 per cent to the total operations of the day and finally resting at its new low price. The weight of the selling, which came largely from foreign sources, according to reports, militated against further recovery elsewhere. The entire list was adversely affected by this liquidation, early gains giving way to numerous declines under yesterday's final figures. Canadian Pacific and New Haven were weaker, working two points. Outside the exchange, Steel sold at 29 1/2. Bonds were irregular. Steel futures selling lower.

ARMY PAYMASTER IN FRANCE, HELD ON THEFT CHARGE

(ASSOCIATED PRESS TELEGRAM.)
Paris, Jan. 29.—A number of new facts concerning the relations of Francois Desclaux, the army paymaster and former secretary to M. Caillaux, the ex-minister of finance, and the wealthy woman in whose mansion were found military stores, said to have been stolen by Desclaux, have come to light, but the mysterious element in the case remains.

Nevertheless, all the newspapers lay stress on the fact that the members of the firm of which the woman's husband is the head, and with which Desclaux was on such intimate terms, are all Germans and have maintained the closest business and family relations with Germany.

According to the Matin, this firm started business with a backing supplied by an insurance company of Berlin.

HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."

—Mrs. C. H. GRIFFITH, 1508 Constant St., Cleveland, Ohio.

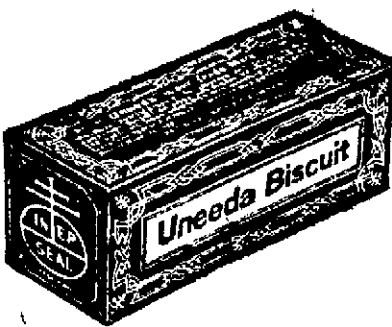

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."

—Mrs. ADA WILT, 303 Walnut St., Hanover, Pa.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

AUSTRIA URGED TO CONFISCATE GRAIN STOCKS

(ASSOCIATED PRESS TELEGRAM.)
Venice, via London, Jan. 29.—Dispatches from Vienna state that the city council and the press are demanding that the Austrian government immediately follow the example of Germany and confiscate all stocks of grain, flour and meal. Practically no grain is being offered on the markets of Vienna, Budapest or Prague.

The press, the dispatch states, declares that a general catastrophe threatens until confiscation is adopted and it denounces the selfish attitude of certain Hungarian agriculturists who, it is claimed, are hiding thousands of tons of grain and flour.

Responding to the appeal of land owners, the Austrian government has consented to the employment of prisoners of war in field work, thus replacing peasants who have gone to the front. The prisoners will be sent out in detachments of 10 to a hundred men and consequently will be available only on the larger estates.

STEAMER AFIRE.

(ASSOCIATED PRESS TELEGRAM.)
New York, Jan. 29.—A fire, which started in the hold of the steamship Preston, soon after she left her pier at Staten Island, last night, bound for Swedish ports, caused Captain Fehr to turn back and the vessel was beached on a small island in the bay. After several hours' work by the crew, assisted by fire and police patrol boats, the fire was under control.

The Preston's cargo consisted of cotton, oil and ore. The fire was confined to the forward hold containing cotton.

Florida Grapefruit

is the Fruit Indispensable

Few persons who have eaten ripe Florida grapefruit for breakfast care to begin the day without one. Many a tired brain worker finds an ample breakfast in a grapefruit. As an appetizer, in a salad or for dessert, grapefruit is no less appropriate and delightful at luncheon and dinner. There are scores of ways in which this delicious fruit may be served—and some of them will appeal to every member of the family.

The Florida Citrus Exchange

This is a non-profit making, co-operative body of progressive Florida fruit growers, formed for the mutual benefit of consumers and producers. The members ship only tree-ripened fruit and the mark of the Exchange is a guarantee of quality. Most fruit dealers handle Florida Citrus Exchange fruit in season—yours will supply you with it if you insist.

Drink Florida Orange Juice

Florida oranges are miniature golden reservoirs filled at the Fountain of Youth. They are juicy, sweet and flavored beyond comparison. You will get the choicest of all oranges when you buy in boxes shipped by the Florida Citrus Exchange. There's life and joy in every golden globe.

Grapefruit is Nature's Tonic

In addition to its content of citric acid, which prevents or kills malaria, grapefruit has a property similar to that of cinchona and salts which act beneficially on the liver. The slightly bitter taste noticed when one first eats grapefruit is from the presence of an alkaloid, nectrandine, which is strongly recommended by many leading physicians for constipation.

How to Use Citrus Fruits

Good citrus fruits are alike food and drink. Used freely they help to maintain and restore health. Booklet giving many ways of serving Florida grapefruit and oranges for four cents in stamps. Florida Citrus Exchange, 628 Citizens Bank Bldg., Tampa, Fla.

Only Ripe Grapefruit Are Good

The food and tonic values of grapefruit are fully developed only when it ripens on trees. Sometimes the fruit is picked before fully ripened and rushed into market. Avoid this immature, unripe grapefruit—it will disappoint you. When you buy, look for the mark—in red on boxes and wrappers—of the

EASY TO DARKEN YOUR GRAY HAIR

Try this! Mix Sage Tea and Sulphur and brush it through your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger. Frank D. Hall agent.

FEEL YOUNG!

It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Cox the laxative bowels back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistency and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels, their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know from their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. All druggists.

"TIZ" FOR ACHING, SORE, TIRED FEET

"TIZ" for tender, puffed-up, burning, calloused feet and corns.

"Sure! I use 'TIZ' every time for any foot trouble."

You can be happy footed just like me. Use "TIZ" and never suffer with tender, raw, burning, blistered, swollen, tired, smelly feet. "TIZ" and only "TIZ" takes the pain and soreness out of corns, callouses and bunions.

As soon as you put your feet in a "TIZ" bath, you just feel the happiness soaking in. How good your poor old feet feel. They want to dance for joy. "TIZ" instantly draws out all the poisonous exudations which pull up your feet and cause sore, inflamed, aching, sweaty, smelly feet.

Get a 25 cent box of "TIZ" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief From Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passage of your head will clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Bly's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—relief comes quickly.

The henpecked husband must be an optimist to feel that he has anything to crow about.

PROVISIONS

DISTRIBUTED BY THE ELKS

Today at noon the Elk lodge distributed one hundred baskets of provisions to that number of worthy poor families over the city. Ten automobiles loaded with ten baskets each left the Elks assembling station in the Jones store room in West Church street and delivered the baskets, each containing a sack of flour, sack of corn meal, potatoes, beef, beans, rice, salt, cheese, bread, chickens and soap.

The committee having the matter in charge was composed of Dr. Jud L. Lewis, Joseph Schrider, Clem Cole, John Miller, William Mahom, John Braddock and Wm. J. Broome. These gentlemen were all assisted in the work by John Mayhold, Allen Coffman and H. L. McCoy.

The Big Brother movement of the Elks is appreciated and they have been enabled in more ways than one to do good. Members of the Elk lodge are highly gratified at the interest shown by the public in their work. They also appreciate the splendid patronage that is being accorded the minstrel to be produced in this city Thursday and Friday, Feb. 11 and 12. The money cleared at this entertainment goes into the general fund of the Elk lodge and is used in assisting to do charitable work.

MARTINSBURG

The third number of the lecture course will be given in the lecture church Saturday evening, Jan. 30, by Lou J. Beauchamp, the humorous philosopher. This is a rare opportunity for our people to hear a high class lecture.

A crowd of young people drove in a bob-sled from Utica Saturday evening and surprised Miss Mildred Harrison.

Mrs. Fannie Hawke has sold her farm of 55 acres to Mr. Hugh Cooksey. Mr. Farle Kerr returned to his telegraphic work near Westerville, Tuesday after spending several days with his mother.

Mrs. John Mitchell and baby returned to Cleveland Saturday after a three weeks' visit with relatives here. Mr. and Mrs. M. E. Brandon and son spent Sunday with Mr. Joe Farmer and family.

THIN FOLKS MADE PLUMP

Samose Ideal Flesh Builder Says Druggist Erman.

Thin people are simply suffering from want of nourishment! If you are thin, it is because the food you eat is not assimilated and passes through the system without building up the flesh and tissue as it should.

You can readily get plump and rosy by using Samose a tissue forming food which when taken with the meals, immediately becomes a flesh building and life giving element in the blood.

Use Samose for a few days and increase of life, vigor and weight is felt and you will notice yourself getting plump and rosy.

Samose builds up the system, puts flesh on the bones, brings back the glow of health to the pallid and languid feeling which is the result of exhaustion and low vitality.

W. A. Erman & Son, are introducing Samose to their customers and recommend it highly. They give the best proof of their belief that Samose will do all that is claimed for it by offering to refund the money if it fails to increase the weight and restore good health.

NEW DIRECTORY; ALL TELEPHONE SUBSCRIBERS NOTICE

The Newark Telephone company is now preparing the annual directory of the company's 5,400 subscribers. It will be divided into several sections as follows: Newark, Farmer, Grantville, Hanover, St. Louisville, Gratot and Brownsville, Glenford and Somerset. This is the first time all the exchanges have been grouped together in one publication, and the book with the classified business directory will take up about 150 pages.

The directory will go to press about February first, after which date absolutely no changes, corrections or insertions will be made. If you wish any change made in your name, address or number please notify the chief operator, telephone number 1170, without delay, so that it may be attended to in proper time.

Mountains You May Not Know. I had imagined that the Rockies were the whole show. I had not the faintest recollection of the Cordillera system of which the Rockies and all these other ranges are but a part, while, as for the Sierra Nevada, I remembered them only when I came to them, and then much as one will recall a slight acquaintance who has been in jail for many years.

Are you shocked by my ignorance—or my confession of it? Then let me ask you if you know that the Uinta mountain range in Utah is the only range in the entire country that runs east and west? And have you ever heard of the Peapack mountains, or the Cedar mountains, or the Santa Rosas, or the Egans, or the Humboldts, or the Toyabes, or the Goshutes, or the Toyabes, or the Toquimas, or the Hot Creek mountains? And did you know that in California, as well as in New Hampshire, there are White mountains? And what do you know of the Wasatch and Oquirrh ranges?—Julian Street in Collier's Weekly.

COURAGE IS COMMON IN THIS WAR

London, Jan. 29.—Every Englishman knows how to die bravely. The Irish, Scotch and English soldiers lace the bayonets, the machine guns as though out on dress parade. It is the men who are stricken and die in the trenches, or at home after an arduous campaign that our sympathy goes out to most. There are thousands of such men behind the battle lines who went to the front without the strong constitution and good pure blood to withstand the deprivations, the hardships of the campaign in Belgium and France. It's a warning that we should pay strict attention to our stomach, liver and blood. If one is all out of sorts he should take an invigorating tonic and alternative such as Dr. Pierce's Golden Medical Discovery which cures diseases of the stomach and organs of digestion and nutrition. It eliminates from the blood disease breeding poisons. It makes the blood rich and pure, and furnishes a foundation for sound, physical health.

Fifty years ago, Dr. Pierce, of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., found that certain barks and roots manufactured by using glycerine without the use of alcohol or opiates, made into a concentrated extract, which he called Dr. Pierce's Golden Medical Discovery, made a stimulating food for the stomach, helped the digestion and assimilation of the food and eradicated poisons from the blood. This is nature's cure for indigestion, and by correcting the stomach, and thereby feeding the blood on pure materials. The red blood corpuscles are increased and the body established in a healthy state. No one suffers from catarrh who has plenty of red blood corpuscles and a good digestion. Catarrh in all its forms is a stagnation of the blood. Introduce pure blood into the system by taking the "Medical Discovery" and health is assured.—Adv.

SUMMIT STATION

Topics for special services at the Universalist church are: Feb. 17, 7 p. m. "The Call of Christ to the Youth." Feb. 2, "The Value of a Soul." Feb. 3, "Love Never Faleth." Feb. 4, "What Must We Do to be Saved?" Feb. 5, "Does It Pay to be a Christian?" Feb. 6, "The Good Shepherd." Feb. 7, at 10:30 a. m. "The Ideal Christian; His Honesty." At 7 p. m., "God Counts on You; are you ready?"

All Universalist ladies are invited to meet with Mrs. John Beem, Thursday afternoon, Feb. 4.

The seventh annual session of the Farmers' Independent Institute held last Friday and Saturday, was well attended considering the extreme weather. The average attendance for each session being about 67.

The interest as usual was great and especially at the ladies' sessions who report the time as being only too short; so it seems to be the unanimous desire to try to secure the agricultural extension school for next year.

The following officers were elected for the ensuing year. President, Russell Palmer; vice president, Jackson Merrill; secretary, J. B. Wagy; treasurer, J. M. Bum; executive committee, E. N. Burn, A. J. Connell, Carl Abrey, S. P. Ealy and Joseph Fattig.

Resolution adopted by the Summit Institute: Be it resolved that the newly elected officers and committees endeavor to obtain the agricultural extension school for next year.

Be it resolved that we favor the good roads projects.

Be it resolved that we favor the use of convict labor where-ever practical in improving the public highways.

Be it resolved that we favor state prohibition in 1915 and national prohibition in 1926.

Be it resolved that we favor further protection of the quail on account of its benefit to the Ohio farmer.

Be it resolved that we thank the trustees and grangers for the use of the church and hall.

Mr. William King and daughter Mrs. Rosa Shane of Hebron, Mr. Frank Smith of Jersey and Mrs. Mary Menzer of Tennessee, Mrs. Clara Sanford of this place took dinner with Mr. and Mrs. James S. Oline, Monday.

Edith Brown, Bernice and Oline Holcomb were guests at a reception Saturday evening of Mr. and Mrs. Frank Smith at their home near Reynoldsburg. The event honored Mr. and Mrs. J. W. Peters and Mr. and Mrs. M. Ware who are leaving for Cleveland to make their future home.

Mrs. J. D. Holcomb entertained her class Monday evening at her home.

The next Epworth League business meeting will be held at the home of the Moore sisters on Hedge street, Thursday night, this week.

Climate Failed; Medicine Effective

Sufferers from Tuberculosis often think that medicine will not help them. Fresh air, regular habits and good food aid in restoring health, but more is often needed. Many have been restored to health by Eckman's Alternative. Read this:

"Gentlemen—Through your instrumentality I have been saved from a premature grave. On December 18, 1904, I was taken with Typhoid pneumonia, which developed into Tuberculosis. (Checklist were found). In February, 1905, I went to Fort Worth, Texas, and later to Canyon City, Colorado. I remained there two weeks my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 100 pounds, the doctor having given me no assurance of reaching here alive. On July 14, 1905, I began taking Eckman's Alternative for Lung Trouble. I was in a short and well and can do any kind of work about my grain elevator." (Abbreviated).

(Advocate) ARTHUR H. WERNER, Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and up-building the system. PAPE'S DIAPEPSIN FOR INDIGESTION OR BAD STOMACH

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia, when the food you eat ferments into gasses and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

MAN ARRESTED HERE HAS CRIME RECORD; ADMITS IDENTITY

When Police Chief Sheridan and Officers Donley and Abbott arrested Albert Wilson in the fore of a Newark taxi cab last Tuesday, they took into custody a man with a crime record and many aliases, according to his own confession which he is said to have made to Police Chief Parker at Mt. Vernon.

His real name is Alex Lindsey and among his aliases are Harry Davis, Harry Swartz, and Albert Wilson. He claims to live on the Newark road near Zanesville.

He is said to have admitted the theft of the milk and skunk hides from Gus Dodson of Mt. Vernon and admitted that he is Lindsey and that he is wanted in Toledo and Columbus on burglary charges. He has served two terms in the penitentiary for burglary.

Mayor Perrine of Mt. Vernon held him to await the action of the grand jury, his bond being fixed at \$1,000.

NEW BANKING LAW RECEIVES PRAISE FROM CONGRESSMAN

(Associated Press Telegram) Cincinnati, Jan. 29.—Speaking today on the new banking law, Congressman Bulkley, of the house committee on banking and currency, praised the general conditions of the bill to delegates to the Hardwood Manufacturers' Association, in convention here.

Mr. Bulkley criticised the federal reserve law because, he said, it gave too much opportunity for concentration of capital.

REALITY OF RESULTS BRIGHTS DISEASE

Patient, Draper S. Greene, 33 West Rittenhouse Ave. Battle Creek, Mich. Case, diagnosed by two physicians as Bright's Disease and incurable.

Patient could not lie down for nine weeks. Legs were so bloated with dropsy they had to be banded. One of the physicians said he could probably live a month or so; the other did not think he could last a week.

Fulton's Renal Compound was then administered with gradual recovery. The permanency of the results are shown by a letter from this patient dated Feb. 16, 1914, written five years later, giving the names of two Battle Creek lawyers, N. A. Briggs and H. A. Jacobs as witnesses of his recovery.

He closes with the statement that "another bad case was given up, changed to the Renal Compound and is on the streets again."

The ability of Fulton's Renal Compound to reduce albumen in many cases of Bright's Disease is not a matter of opinion but a FACT IN PHYSICS. We will mail formula for albumen test that will show the percentage from week to week. As the albumen declines improvement comes—reported in thousands of cases. Formula and literature sent on request.

Trick of a Flash of Lightning

Lightning plays some peculiar tricks at times, but we have never heard anything to come up to the following, which the Melbourne Age properly labels "Extraordinary incident."

"A young man while riding through the timber country at Willing during a recent storm, had a remarkable escape from death in peculiar circumstances. A large tree directly in front of him was struck by lightning and split in halves. The horse he was riding, becoming terrified, started to plunge and jumped through the gap between the halves of the tree. At that moment the halves came together with a snap like a rabbit trap and crushed off a limb of the horse's tail which can still be seen protruding from the tree. The young man received a severe shaking, but otherwise came through the ordeal safely."

On a Needle Point

Indirectly Pastors solved the famous medieval problem. How many angels can stand on the point of a needle? Sir W. Crookes said that altering the word "angels" to "devils" he had found that of one of the deadliest diseases that had ever scourged mankind 600 of the malevolent microbes—veritable devils—could without overcrowding, find place on the point of the finest needle.

GREEK VILLAGES RUINED. (Associated Press Telegram) London, Jan. 29.—A dispatch to the Reuter's Telegram company from Tiflis, the Russian army headquarters in Transcaucasia, says:

"Fifty Greek villages around Kars, in southern Transcaucasia, have been laid in ruins by the Turks. The flight of the Greek inhabitants was precipitate and the women and children are said to have suffered intensely from the cold weather. It is reported that many of the men among the Greeks were made prisoners and that some were killed."

The Golden Rule Doctor

(Celebrated New York Specialist.)

Best References In The United States

47 1-2 North Fourth Street 9 a. m. to 8 p. m.

The World's Greatest Surgeon

advised the Golden Rule Doctor twenty years ago to submit to an immediate surgical operation to save his life, but he would not tolerate the knife and today stands before you the perfect picture of health. The same treatment under similar conditions would save you of some dear friend from the knife, so improve the opportunity and arrange for an examination at the office or at your residence, and should an examination reveal the fact that a major surgical operation is absolutely necessary, the Golden Rule Doctor, if chosen, will perform the operation at any hospital you may elect.

Honest and legitimate advertising is no longer a crime, no more a crime for the physician than it is for the banker, the merchant, the manufacturer, or other enterprising business men who make the world move. A physician's ability is determined by the success he makes, thereby acquiring knowledge and skill that would bless and benefit mankind. It becomes not only his legal privilege, but his moral duty, to so state through the medium of the press, why should he modestly hide his light under a bushel? Why should he keep from others that which would make their lives longer and happier, is not such a course of conduct a sin of omission? On this much-mooted question in medical circles, one of the most popular clergymen of his time, the Rev. Henry Ward Beecher, spoke as follows:

"I am glad that the doctor cured him. I am glad that the doctor put it in the paper that he could cure him; and if any doctor is certain that he can cure such disease and does not put it in the paper, I am sorry. What a pity it would have been had this doctor, with his wealth of science and experience, left him uncured. What a pity it would have been if the afflicted man had been so prejudiced against advertising as to read the responsible certificate of the doctor and yet give him the go-by as a quack! What are the newspapers for if not to circulate information? What more valuable information can a newspaper give than to tell a sick man where he can be cured? If a doctor has devoted his life and labor to the study of a special class of disease, the necessity of his saving no becomes all the more pressing. His duty to advertise becomes imperative. The remedy for the lying advertisements of quacks is for the honest man to tell the truth. A really able man, whatever may be his gift, makes a great mistake if he fails to use those gifts through want of advertising."

The Golden Rule Doctor has spared neither time, labor nor expense in acquiring such knowledge, skill and high-grade efficiency, and at his office you will receive private counsel, a careful, personal and thorough examination and an honest and scientific diagnosis of your case.

UNITY

OF ALL THE GERMAN PEOPLES
IS THE KAISER'S LIFE
AMBITION

Emperor So States to Author With
Whom He Visited Field
Headquarters.

(ASSOCIATED PRESS TELEGRAM)

Berlin, via London, Jan. 29.—The Lokal Anzeiger published some further accounts of the visit of Dr. Ludwig Ganghofer, the author, to Emperor William at the German field headquarters. It tells of a trip made by the emperor and Dr. Ganghofer to Donchery, in the region of the Sedan battlefield. Here the emperor, speaking of the unity of the German people is quoted as saying to Dr. Ganghofer:

"It is my greatest pleasure that I could live to see it."

The emperor pointed out to the author where his father has stood at Sedan, where Napoleon and Bismarck had met and other historic spots.

The trip by automobile finally brought the party to the headquarters of Crown Prince Frederick William, where, after luncheon, he entered the emperor's room smilingly to his son and said:

"One gets better things to eat by you than by men. I shall consider whether I shall not requisition your cook."

The emperor here had an opportunity to see a thousand French prisoners march by. He was greatly pleased when some of them doffed their caps to him and he returned their salute. During this review he turned to a photographer who was taking pictures and said:

"Photograph the prisoners and not always me."

The party later climbed a steep ascent to get a view of the surrounding region. When descending, Dr. Ganghofer slipped but the emperor quickly grasped him by the arm and saved him from a fall, saying at the same time: "Soldiers and citizens must help each other all they can."

His Special Treat.

The vicar of an east end parish is telling a queer little story that illustrates the relations between husband and wife in that quarter of London. He was returning home late one night when he overtook a man who was violently abusing and ill using a woman. The poor woman was coming off very badly and she had already got a damaged eye when the clergyman went up and remonstrated with the man on his behavior. For a moment the blows and abuse were stayed, the man being too surprised at the interruption to continue. Then, to the astonishment of the peacekeeper, the ill used woman signed to him to go away. Wiping her eyes with her shawl, she informed him soothingly:

"It's all right, sir. Let 'im be. I'm 'is wife, and it's 'is birthday!"—London Answers

NEURALGIC PAINS

These may be felt in any nerve of the body but are most frequent in the nerves of the head. Neuralgia may be caused by a decayed tooth, eye-strain or a diseased ear but the most common cause is general debility accompanied by anemia, or thin blood.

For this reason women who work too hard or dance too much and who do not get sufficient rest, sleep and fresh air, are the most frequent sufferers from neuralgia and sciatica, which is neuralgia of the sciatic nerve.

Nutrition for the nerves is the correct treatment for neuralgia and the only way to nourish the nerves is through the blood. Dr. Williams' Pink Pills supply to the blood just the elements it needs to increase its capacity to carry nourishment to starved nerves. They have proved helpful in so many cases of neuralgia and sciatica that any sufferer from these troubles is fully justified in giving these pills a trial. Dr. Williams' Pink Pills contain no harmful or habit-forming drugs and may be taken for any length of time with perfect safety.

The pamphlet "Diseases of the Nervous System," is free to you if you mention this paper. Address: The Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs," to evacuate the bowels no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by California Fig Syrup company.

REVIVAL

OF BUSINESS MAY AID IN MEETING DEFICIT THREATENED IN TREASURY

By Increased Customs Duties—No Immediate or Extraordinary Steps to Be Taken.

(ASSOCIATED PRESS TELEGRAM)

Washington, Jan. 29.—Administration leaders will take no immediate steps to meet the threatened deficit in the government's revenues. Their plans today were to follow out the decision of yesterday's conference between President Wilson, cabinet members and congressional leaders at which it was determined there was no pressing need for legislation to increase revenues.

It was agreed to await the end of the fiscal year when the government would know better the effects of the European war and could then better decide what course to take. Secretary McAdoo, in announcing the decision of the conference, said he still stood by his estimate of a ten million dollar deficit, but pointed out that deferred corporation and personal income tax payments would counterbalance an apparent loss in revenue.

Treasury officials say that with a revival of business there may be a marked increase in customs receipts in the next five months. They expect large importations of sugar in the spring. Although there is no accurate data available on which to estimate the income tax revenue for this fiscal year, treasury officials are planning more efficient collection methods. Every effort, it is said, will be made to get the last cent out of this law.

Hungary's Wonderful Salt Mines.

The great rock salt mines of Hungary are among the wonders of the world, for the illimitable deposit of practically pure salt enables the workmen to cut it out in heavy blocks, much as marble is quarried, after which it is loaded on trucks and sent to the mills for grinding. Rock salt, it may be said, constitutes the world's principal supply of refined salt, and the Hungarian mines furnish a considerable portion of this commercial necessity. Underground passages of considerable width, resembling streets, have been cut at regular intervals, and the whole is well lighted. In one of the mines near the Roumanian boundary a large chamber, with benches and seats, has been cut, where occasional gatherings are held, and perhaps in honor of this fact it is known as the "ballroom." Here the colorings are beautiful, the walls of the cavern or hall partaking of the many shades of rare marble and color grained onyx.

Relief of War Sufferers To be Organized In County; Board of Trade Committee

A meeting of the board of directors of the Board of Trade was called this morning to take up the matter of aiding the Ohio Commission for the Relief of European War Sufferers. Carl Norpell, president of the Board of Trade, presided at the meeting.

Edward B. McCarter of Cleveland, representing that organization, was present, as was Captain A. H. Heisey, a member of the state board, and they presented the matter to the board in a clear and succinct manner. The object is to raise sufficient relief from this county to fill a can to aid in making Ohio's quota of relief come up with that of the other states.

After the matter was explained a motion was made that a committee of three be appointed to select a general committee of ten which would have charge of the work of securing supplies, and arranging for united action of all the towns in the county with Newark in raising the necessary donations. This committee consisted of W. L. Proulx, Wesley Montgomery and Roderick Jones. The committee met after the adjournment of the board to consider the make-up of the general committee. It is the intention to have committees appointed in each town in the county to have charge of the matter in their own district.

By unanimous vote the board adopted the following resolution "Resolved, That the board of directors of the Board of Trade do heartily endorse the movement to send aid to the distressed people in the war-stricken territory."

A women's auxiliary to the committee will be organized here and Mrs. Grace Kennedy has been appointed by Mrs. W. O. Thompson of Columbus, president of the State Women's Auxiliary to be in charge of the women's organization here.

Active work will at once be begun in the matter of raising funds.

undertake to provide help of the character required.

To citizens residing elsewhere, they suggest that all employers seeking help during the present winter months be referred to the newspapers in the immediate locality, and to the publishers of such newspapers, the committee on labor appeals to give such free publicity to such applications for help as seem best calculated to bring to the attention of those seeking work, the opportunity to obtain employment.

In accordance with the message of Governor Willis, the labor committee of the general assembly will on Monday next urge the legislature to provide an adequate appropriation for the immediate extension of the free employment officers under the industrial commission of Ohio.

Rev. Charles Laughlin of the Second M. E. church of Newark will occupy the pulpit of Central M. E. church of Zanesville on Sunday morning and a special temperance program will be given at the Sunday school.

Mrs. James W. Gerard, wife of the American ambassador and Mrs. Meyer presided over the distribution of the gifts and were assisted by the women's patriotic association and the American women's relief committee. The exercises were attended by representatives of Empress Augustus Victoria and Corwin Princess Cecile, the members of the staffs of the American embassy and the American consulate and many prominent Germans.

Five country residences at Hanging Rock, near Ironton, were destroyed by fire. Occupants escaped in their night clothes.

PRESENTS

SENT BY AMERICAN CHILDREN TO GERMANY FOR CHRISTMAS ARE DISTRIBUTED

Ambassador General and Wife Presided Over the Function—Famous People Attend.

(ASSOCIATED PRESS TELEGRAM)

Berlin, Jan. 20—Via London—Five hundred children of soldiers from Berlin, who fell in battle were made happy on Wednesday by the receipt of their share of the Christmas presents sent to Europe by children of America.

A pair of shoes, warm clothing and toys were given to each child. Through the generosity of Jacques Mayer, an American resident of Berlin, each child received also four marks (\$1) in cash.

RUSSIAN REPORT GIVES RESULTS OF OPERATIONS

AFTER COUNTERMINING GERMAN TRENCHES A SUCCESSFUL ATTACK WAS MADE

While Attempted Offensive Movements of the Enemy Were Futile—Situation in the East.

(ASSOCIATED PRESS TELEGRAM) Petrograd, Jan. 20.—The general staff of the Russian army today issued a report on the progress of the fighting as follows:

"In the country to the north of Tilsit, East Prussia, Russian detachments Jan. 25 took the offensive and drove back the Germans destroying the railroad station at Pogegen, a few miles north of Tilsit.

"The fighting in the forest country to the north of Piktaten and Gumbien continues, and in certain places we are making progress. Along the rest of the front in East Prussia Jan. 27, passed quietly except in the country to the northeast of Darkehmen. Here the Germans attacked our positions, but they were driven back to their trenches.

"On the right bank of the lower Vistula encounters continued between our advance guard and those of the enemy. On the left bank of the Vistula in the vicinity of Borjow, Russian troops aided by sappers delivered an attack the night of Jan. 27 on the trenches of the enemy, after having the afternoon of that day successfully countermined these trenches. In this same locality the Germans assumed offensive operations, but without success.

"The artillery duel along the left bank of the Vistula continued Jan. 27. Our efficient shell fire against the position of the enemy silenced several of his batteries and inflicted

heavy losses on the Germans in their trenches. This was particularly the case near the village of Jidomitz, where we saw German soldiers carrying numerous dead and wounded from their trenches.

"Galicia—Along the Carpathian front from Dukla Pass to the railroad running between Stry and Mounkatch we were engaged Jan. 26 and 27 with successful results. Our success to the southwest of Dukla-pass was particularly important. Here our troops, advancing with energy, compelled the enemy Jan. 28 to retreat in great haste, leaving behind them all ammunition and other war material. In the vicinity of Teskhanie and Dolkhoay, we captured on Jan. 27, an earthwork of the enemy and we surrounded a second position close to this first one. During these operations we took a number of prisoners, officers and men. The exact numbers have not yet been determined.

"At certain points along this front the enemy has made particular efforts to assume the offensive, but everywhere their endeavors have resulted in failure.

"There has been no change in the situation in Bukovina. Artillery duels and outpost skirmishes continue."

Cattle guards made of cactus planted in beds across the tracks have proved to be successful on a railroad in Arizona.

SAID TO BE MOULDING THE LIVES OF AMERICAN SCHOOL CHILDREN.

Harvard's President Emeritus and Other Prominent Educators Start Relief Movement.

(ASSOCIATED PRESS TELEGRAM) New York, Jan. 20.—To counteract "influences of lying, hatred and murder," of the European war, which they assert are moulding the lives of American school children, Dr. Charles W. Eliot, president emeritus of Harvard, and President David Starr Jordan of the National Educational Association, and Richard McLaurin of the Massachusetts Institute of Technology, in an announcement made public today, tell of the beginning of a movement of educators to enlist the school children of the country in relief work of home and foreign needs.

"In many of our schools we even forbid all discussion of the war," says the announcement. "We cannot, however, hide this war from our children, nor keep its destructive influences from their lives."

THERMOMETERS IN CITY VARIED; BUT IT WAS COLD

There is certainly a wide diversity of opinion among the thermometers about the town regarding the weather this morning. At Brown's grocery in East Newark where a government tested thermometer is kept it registered six degrees below zero at 6:30 o'clock; at the Central Fire department at the same hour it registered five degrees below; at 675 Maple avenue it registered sixteen below; at J. J. Criswell's it registered fourteen below. Other thermometers in the central part of the city registered from four to six below. From six o'clock up until noon there was a gradual rise in temperature; the thermometer registering ten above at 9 o'clock and fifteen above at noon. At 6 o'clock this morning a light snow was falling.

The city of Newark should be made a weather station and supplied with government instruments so that a record could be kept of the rainfall and snow. In addition a complete record of the temperature is kept during the entire twenty-four hours of each day by self-recording instruments. Nearly every city in Ohio has such a station with the exception of Newark. Members of the Central Fire department

SHE SUFFERED ALL HER LIFE

But Nervous Troubles Vanished When Nerv-Worth Was Taken

"I have been taking Nerv-Worth for 3 weeks and haven't felt better for 3 years. Before this I had suffered with nervous troubles all my life, more or less. Nerv-Worth has done me more good than anything I ever tried. I am the mother of 10 children, 7 girls and 3 boys and my nerves gave out. My case was a bad one. Since taking Nerv-Worth I have had better night's rest than for years. Do not wake up at intervals as I used to but sleep the night through, thanks to Nerv-Worth."

Such is the endorsement given to Nerv-Worth by Mrs. Ella Varney of 271 North Fourth street, Newark. Profit by her good fortune if you are a nervous-debility victim. Buy Nerv-Worth on a guarantee at the T. J. Evans drug store, Warden Block, \$1.00 a bottle.
